

## END-USER LICENSE AGREEMENT FOR ACROSONIC SOFTWARE

### ACROSONIC BIZNET PORTAL SERVER SOFTWARE 2004

PLEASE READ THIS END-USER LICENSE AGREEMENT ("EULA ") CAREFULLY. BY INSTALLING OR USING THE SOFTWARE THAT ACCOMPANIES THIS EULA ("SOFTWARE"), YOU AGREE TO THE TERMS OF THIS EULA IF YOU DO NOT AGREE, DO NOT USE THE SOFTWARE AND, IF APPLICABLE, RETURN IT TO THE PLACE OF PURCHASE FOR A FULL REFUND.

1. GENERAL. This EULA is a legal agreement between you (either an individual or a single entity) and Acrosonic Corporation ("Acrosonic"). This EULA governs the Software, which includes computer software (including online and electronic documentation) and any associated media and printed materials. This EULA applies to updates, supplements, add-on components, and Internet-based services components of the Software that Acrosonic may provide or make available to you unless Acrosonic provides other terms with the update, supplement, add-on component, or Internet-based services component. Acrosonic reserves the right to discontinue any Internet-based services provided to you or made available to you through the use of the Software. This EULA also governs any product support services relating to the Software except as may be included in another agreement between you and Acrosonic. An amendment or addendum to this EULA may accompany the Software. The Software may contain the following:

"Server Software" provides services or functionality on your server (your computers capable of running the Server Software are "Servers"); and

"Device Software" allows a single personal computer, workstation, terminal, handheld computer, pager, telephone, personal digital assistant, or other electronic device ("Device") to access or use the Server Software.

2. GRANT OF LICENSE. Acrosonic grants you the following rights, conditioned on your compliance with all the terms and conditions of this EULA:

a. Installation, Server Software. You may install only one copy of Server Software on a single Server, even if multiple copies of Server Software (for example, 32-bit and 64-bit versions) are included in the Software. Separate component parts of the Server Software may not be used on more than one Server. An additional license is required if you install another copy of the Server Software on the same Server (whether in a separate partition, by using server emulation software, or otherwise) or to install or run a copy of the Server Software on a different Server (for example, a Server employed for backup or fail-over support).

b. Installation, Device Software. You may install and use the Device Software on any Device solely to access or use the Server Software.

3. CLIENT ACCESS LICENSES ("CALs").

a. BizNet Portal Server Software Client Access License ("CAL") Requirements. The Software licensing model consists of this Server Software license and incremental CALs, so that the total cost for the Software scales with usage. CAL's are not required for each individual person ("Anonymous User") or Devices that is granted public access to the Server Software. You must separately acquire a CAL for each individual person ("Authenticated User") or Device that is granted private access to the Server Software, whether directly or through a Multiplexing Service (defined below). Each User CAL permits one User (using any Device) to access or use the Server Software. Each Device CAL permits one Device (used by any User) to access or use the Server Software. You may use a mix of User CALs and Device CALs simultaneously with the Server Software. A "Multiplexing Service" is a software application or service accessing or using the Server Software at the request of or on behalf of a User or Device.

b. Premium Server Services. Acrosonic may subsequently create new software functionality ("Premium Services") that you may wish to use with this version of the Software. To make these Premium Services available to you for use with this version of the Software, Acrosonic may provide them under additional license terms and may charge additional access license fees for you to install and use them, if you choose.

c. Additional CAL Requirements.

i. Single Licensee. CALs, and any future Premium Services CALs that you acquire, may not be used in conjunction with Server Software licensed to anyone other than you.

ii. Version Matching. Each required CAL must be version BizNet Portal Server 2004 or a later version.

iii. Administration. Up to three Users or Devices may simultaneously access or use the Server Software solely for administration of the Server Software, without acquiring any CALs.

#### 4. DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS

a. Other Licenses. Your use of software applications installed on the Server, accessed through the Server, or providing application-sharing functionality may require additional licenses. Please consult the license agreement accompanying such software.

b. Reservation of Rights; Other Restrictions. The Software is protected by copyright and other intellectual property laws and treaties. Acrosonic or its suppliers own the title, copyright, and other intellectual property rights in the Software. The Software is licensed, not sold. Acrosonic reserves all rights not expressly granted to you in this EULA. Notwithstanding any other provision in this EULA, neither this EULA nor any CAL grants a license, under any Acrosonic intellectual property, to implement any functionality contained in the Software (including without limitation communication protocols used by the Software) in any software installed on a Device accessing or utilizing the Server Software. Reverse engineering, decompiling, or disassembling the Software is prohibited, except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation. Renting, leasing, or lending the Software (including providing commercial hosting services) is also prohibited.
